REPORT OF COUNTY COMMISSIONERS.

To the Citizens of Hillsborough County:

We present for your consideration the fifty-eighth annual report of Hillsborough county for the fiscal year ending December 31, 1904, as required by the Public Statutes, containing the reports of the several officers of the county.

The treasurer's report for the year ending December 31, 1904, shows the county was never in as good condition financially as at present. The appropriation for each of the years 1904 and 1905 was \$160,000; the actual expense was \$151,722.71. The total bonded debt of the county December 31, 1904, was \$337,973.66, with cash and securities on hand to the amount of \$199,285.27, leaving the actual indebtedness December 31, 1904, \$138,688.39, a reduction of the debt during the year of \$81,759.75. December 31, 1904, the treasurer retired \$25,000 of the refunding bonds due in 1914, and transferred to the sinking fund \$75,000. To retire \$72,000 of bonds December 31, 1905. The treasurer has on hand in cash \$100,804.52. We believe it is good policy for the county to have a surplus large enough to meet all obligations as they become due rather than borrow to meet each monthly payment, as heretofore. The treasurer receives 3.768 per cent. interest on all deposits.

The institution at Grasmere has continued under the same management, with nearly the same staff of officers. There have been admitted during the year nine hundred and forty-five persons, making a daily average of four hundred and thirteen at a cost of \$2.13 per week. When the buildings were

constructed there was no provision made for a hospital where those requiring medical attention could be treated and separated from the other inmates.

Owing to the large increase of hospital cases, we feel obliged to call your attention to the necessity of a suitable building to be used for a hospital, not connected in any way with the main building, and so constructed that those suffering from tuberculosis or consumption, syphilis, and other so-called contagious diseases can be treated and separated from other inmates.

Insanity seems to be on the increase in this county. Thirty-three persons from the several towns in the county have been committed to the Concord Hospital under the "Remedial treatment act," as we were unable to accommodate all those who would properly belong in the insane building (feeble minded and idiotic). The State Board of Lunacy had eight incurable cases transferred to the Concord Hospital, to be supported hereafter at the state's expense. It has cost the county \$2,815.50 for board of incurable insane at Concord Hospital during the year.

It has cost the county \$8,987.63 for the support of children. As we have stated in our former reports, this item of expense is sure to increase under the existing laws, a very large percentage of the above expense being children abandoned by their parents. The commissioners should have the power to compel parents to support their children, or, if unable to do so, place such children where in their judgment they deem best, which they can not do under the present laws.

The contract for building the new court house in Manchester was awarded to J. H. Mendell & Co., of Manchester, to be finished and ready for occupancy July 1, 1905.

The jail at Manchester is under the same management, the number committed during the year was one hundred and forty-seven, the weekly average fifty, and the total expense \$10,478.87.

Thanking the citizens of the county for their aid and assistance and especially the overseers of the poor in the several towns for their interest in the affairs of the county, we remain

Respectfully yours,

STILLMAN H. BAKER,

JOHN F. CLOUGH,

LOTIE I. MINARD,

Commissioners of Hillsborough County.

REPORT OF SUPERINTENDENT OF COUNTY ALMSHOUSE AND HOUSE OF CORREC- TION AT GRASMERE, N. H.

To the Honorable Board of Commissioners of Hillsborough County:

I hereby present to you my annual report as superintendent of the County Almshouse and House of Correction for the year ending December 31, 1904.

The number admitted to the almshouse during the year has increased considerably over former years, and in nearly every instance they have required medical treatment. As I have suggested to your board, a more suitable building should be provided, where they can receive better accommodation, and those suffering from contagious diseases can be separated from other patients, which can not be done at present, besides the hospital wards are required for other purposes.

For want of room in the insane building, eight of the incurable insane have been transferred to the New Hampshire State Hospital at Concord to be cared for by the state. When the remainder of the incurable insane are removed, the building should be used for the feeble minded, idiotic, and epileptics.

There have been two hundred and seventy-eight persons confined at the House of Correction during the year, a weekly average of forty-six. As a large majority are unable to do manual labor, there has been sufficient work on the farm for those who were able.

C. A. Weaver, M. D., and E. B. Swett, M. D., have faithfully administered to those requiring medical treatment, which has been a larger proportion than heretofore.

My thanks are due to the several societies, especially to the W. C. T. U., who have contributed presents at Christmas time and entertainment during the year, and individuals who have supplied us with reading matter, all of which has been appreciated by the inmates.

I also wish to thank Rev. C. P. Reikie of Goffstown and Fr. J. Brophy of Manchester for their faithful attention to the spiritual welfare of the inmates.

To the commissioners, officers of the institution, and friends, I thank you for your kindness.

Respectfully submitted,

HORATIO K. LIBBEY.

PHYSICIAN'S REPORT.

To the Honorable Board of Commissioners of Hillsborough County:

GENTLEMEN:—In rendering my report as county physician, I would say there has been little change in the condition at the Hillsborough county almshouse during the past year. While everything has been well kept up, no special improvements have been made, and the same crowded condition still exists in the hospital.

Nine hundred and forty-five have been cared for at the institution.

There has been no acute contagious disease, but an increase in the number of cases of syphilis and pulmonary tuberculosis, and of the latter twelve have died.

The buildings used for hospitals were never designed for that purpose, and are unhandy and wholly unfit for the purpose for which they are used, and, as the number of patients is steadily increasing, there is a demand for better hospital accommodations.

Under the direction of Superintendent H. K. Libbey and Matron Mrs. Porritt matters have run smoothly as in the past, and I wish to thank them, also all the officers, for the courtesy I have always received, and to you, Messrs. Commissioners, I commend you for the interest you have shown in the institution, and thank you for your kindness to me.

Respectfully submitted,

C. A. WEAVER, M. D.

CHAPLAIN'S REPORT.

To the Honorable Board of Commissioners of Hillsborough County:

GENTLEMEN:—During the past year I have had the privilege of preaching on alternate Sunday afternoons. The attention and order have been all that could be desired, and I wish to express my thanks to those who have added so much to the interest and helpfulness of these services by their singing. In all my service I have received aid and uniform courtesy from the officials of the institution, and this has made it easy and pleasant to perform my duties.

C. T. REEKIE.

To the Honorable Board of Commissioners of Hillsborough County:

GENTLEMEN:—In submitting my report for the year 1904, I wish to thank the superintendent, Mr. H. K. Libbey, the matron, Mrs. W. W. Porritt, also the corps of assistants for their uniform kindness to me on every occasion I have visited the institution. Their efforts in behalf of both the inmates and myself have aided much in tending to the spiritual needs of those under my charge.

As to my work, services have been conducted regularly, and the needs of the sick and infirm have been tended to, so that all might have the spiritual consolation, which we seek both during life and at the hour of our death.

Trusting my labors have done good for all, I remain,

Respectfully,

JOHN J. BROPHY.

SOLICITOR'S REPORT.

To the County Commissioners for the County of Hillsborough:

At the January term, 1904, of the superior court, twenty-four state cases were on the docket, having been continued from the September term of the previous year. In 1904 two hundred and three indictments have been found by grand juries and entered in the superior court. In addition twenty-five appeals from police courts or justices of the peace have been entered. In addition to these matters, warrants have been issued charging the illegal sale or keeping for sale of liquor, and all have been prosecuted and disposed of in favor of the state, except in a few cases where no liquor was found by the officers serving the warrants.

All criminal matters in the superior court* have been disposed of during the year except such as could not for various reasons be tried, and they were continued to the January term, 1905.

During the year seventeen persons have been sent to state prison for various crimes; forty-eight have been sentenced and committed to the house of correction. In the remaining cases the parties have paid fines or received house of correction sentences, the house of correction sentences suspended during good behavior of the respondent.

During the year two serious crimes have been disposed of and sentence imposed. The nature of the same the public is well aware of and it is unnecessary to review them here.

In conclusion, I wish to express my thanks to you gentlemen, to the court, to the sheriff and his deputies, and to the

police of the cities and towns for uniform courtesy shown me and assistance rendered in the management and disposal of all state cases.

Dated December 31, 1904.

Respectfully submitted,

EDWARD H. WASON,

Solicitor.

PUBLIC STATUTES.

CHAPTER 84.

LAWS IN RELATION TO AID FURNISHED TO INDIGENT SOLDIERS,
AND PROVIDING FOR ENTRANCE TO THE SOLDIERS' HOME
IN CERTAIN CASES.

SECTION 9. Whenever any person resident in this state, who enlisted in the quota of this state, and was reckoned and served as a soldier or sailor from New Hampshire in the army or navy of the United States, in the War of the Rebellion, or in the Spanish or Philippine wars, and who received an honorable discharge, not being under guardianship or legal restraint, shall become poor and unable to provide maintenance for himself and dependent family, such person, his wife, widow or minor children, or such of the children as are unable to maintain themselves shall be supported at the public expense in the town or city of their abode, at their own home or any such place, other than a town or county almhouse, as the overseers of the poor or county commissioners shall deem right or proper, but no person shall receive aid under the provisions of this section unless he has resided in this state three years or more before making application for such aid; and no person shall, while receiving aid under the provisions of this section use intoxicating liquor to an extent, which shall render him incapable of working at his usual occupation; and no person receiving aid under the provisions of this section shall sell any article furnished him, nor exchange them for intoxicating liquors, nor share any such aid with any persons other than those above named as being entitled to the

benefit of these provisions. Any person receiving aid under the provisions of this section, who receives a pension from the United States government, shall, while receiving such aid, apply the pension to the support of himself and dependent family, and shall, when requested, furnish to the overseers of the poor or the county commissioners satisfactory proof that such pension has been so applied. Any person applying for such aid, shall, when requested, furnish to the county commissioners or the overseers of the poor the certificate of a reputable physician, resident in the county in which he lives, as to the incapacity on his part to perform manual labor. Neglect by any person applying for or receiving aid under the provisions of this section to comply with the foregoing provisions and conditions of this section so far as such person is concerned, and such person may be supported at the town or county almshouse.

SECT. 10. The expense of support furnished under the provisions of the preceding section shall be kept and reported in a separate account under the head of "Aid furnished to dependent soldiers and their families," and not in the general pauper account, but shall be recoverable of the person, town or county liable therefor as in other cases.*

SECT. 11. The county commissioners or the overseers of the poor of any town may require any person applying for aid under the provisions of section 9 of this chapter, who is eligible for admission, to make application for admission to the New Hampshire Soldiers' Home, in case he has no family or settled place of abode, whenever in their discretion they deem it best; and if such person refuses to make such application, or if admitted refuses to go to said Soldiers' Home, the county or town shall be relieved from the provisions of the preceding sections so far as such person is concerned, and he may be supported at the county or town almshouse.

*This section was passed by the house and senate, but was omitted from the engrossed bill. Such references are made to it in the engrossed bill that it is evident the legislature intended it should be a part of the law.

AID TO PERSONS QUARANTINED.

It sometimes becomes necessary to assist a family when quarantined on account of scarlet fever, diphtheria, etc., by reason of its being deprived of the opportunity to earn wages, or from other causes, and to provide for which the following law was enacted by the legislature, and approved March 11, 1899.

SECTION 1. Whenever any person or family is placed in quarantine by a board of health, to protect the public against smallpox, scarlet fever, diphtheria or any other dangerous, infectious or contagious diseases, it shall be the duty of said board to assist such person or family while in quarantine in such manner as in the judgment of the board may be deemed wise or necessary.

SECT. 2. All expenses thus incurred, or such part thereof as the board may determine, shall be deemed a legitimate expenditure for the protection of the public health and shall be charged to the account of incidental expenses, but not to any indigent pauper account, nor shall such expenditure be construed to mean a public aid to the person or persons so quarantined and assisted unless such person or persons are already paupers as defined by the Public Statutes.

The above law would seem to solve, in a thoroughly satisfactory way, a question which heretofore has been considerable of a problem in some localities. The entire matter is left to the judgment of the local board of health, and whatever aid the board may deem to be wise and necessary to extend to the families in question must be paid by the town and charged up as provided for in section 2.

MONTHLY PAYMENT OF BILLS.

The commissioners have made new rules as to the payments of all claims against the county. All accounts will be settled the tenth of each month, but must be presented to the com-

missioners on or before the fifth, so they can be examined and audited. All claims must be approved by the heads of the several departments, and all pauper bills from the towns certified to by the Overseers of the Poor, before they will be allowed by the commissioners.

They (County Commissioners) shall have the charge and care of county paupers and shall provide for their support upon the county farm or elsewhere as provided by law, and when expedient they may appoint agents in the several towns to investigate applications and look after the county poor in such towns.

Approved, February 28, 1901.

An act in amendment of chapter 27 of the Public Statutes relating to County Commissioners.
